Dear Harold;

Nice to hear you are doing well and have some asparagus on the way up.

Also, good news on DJ paying Jim's fees -

There seems to be a number of shows exposing the CIA on CBS; one a month ago by Edwin Newman and last night on "60 min." an agent who has written another book. Next week on "60 min." Wm. Colby in rebuttal - just finished a new paper-back, "Operation, Mind Control." mentions you re: King - also "Olson" and "Candy Jones" - author Bowart - most of it you have told me but still very interesting

My best to Jill & Jim and to You -

Paul -
